

How to Apply Peptame System

Welcome PEPTAME -

1

'Peptide' proteins formulated to 'tame' even the most untameable of hair types. We have created the fastest, easiest, most natural way to rebuild, strengthen and relax hair by simply shampooing.

- Damp hair and remove excess water with hands (if the hair has product build up of hairspray, oil or dry shampoo, please do a gentle clarify shampoo first without rubbing the scalp for straighter result).

- Massage Step One Peptame Shampoo directly onto the hair at the basin, 20 - 25ml depending on hair length or thickness (Do not massage or agitate onto the scalp).

- Brush Peptame Shampoo through the hair gently and leave for 20 minutes to process. Rinse thoroughly under running water for 3-5 minutes.

- Apply Step Two Peptame Mask and leave for 10 minutes to process, then rinse thoroughly under running water for 3-5 minutes.

- Blow dry 100% then flat iron (210-230°C) small section 1-2 passes until done.

2

Peptame will release, soften and relax hair strands by reducing up to 60% of the curl naturally occurring in your hair with the most brilliant results.
