S1 Intense Care Mask
Shot Of Love

S1 Intensive Care Mask

SHOT OF LOVE

RRP \$5.00

Revolutionary technology,
one shot and you are in love!

Launched in August 2018, our S1 Intense Care Mask/Shot of Love is one of our most innovative products. Created to provide ongoing nourishment and continuous protection for each hair strand, the mask's unique superfood ingredients are the core of a brand-new formula. While the super food ingredients helps to repair damage to the hair shaft, the rich emollients tackles dryness and frizz. The result sees the hair strengthened by an instant dose of moisture and left smooth and silky, without being weighed down. The S1 intensive care mask is also sulphate and paraben free.

Fall in love with your hair again with the new S1 shot!

S1 Superfood™
Therapy

Ingredients:

Aqua, Cetyl Alcohol, Cetearth-25, Cetrimonium Chloride, Dimethicone, Chenopodium Quinoa Seed Extract, Bis-Aminopropyl Dimethicone, Caprylyl Methicone, Rosa Rugosa Flower Extract, Rosmarinus Officinalis (Rosemary) Extract, Amodimethicone, Behentrimonium Chloride, Persea Gratissima (Avocado) Oil, Parfum, Phenoxyethanol, Ascorbic Acid, Camellia Sinensis Leaf Extract, Cucurbita Pepo (Pumpkin) Seed Oil, Ethylhexylglycerin. SULPHATE AND PARABEN FREE.

Instructions for use:

The process couldn't be easier. First, wash, towel dry and comb through your hair. Apply a small amount of the mask to your palms and massage it into the hair with your fingers. Leave it to penetrate at least 10 minutes, running a comb through your hair once more to ensure that all of the hair strands have been coated with the product. Then simply rinse the mask out and enjoy softer, stronger hair!

Seamless1[®]

No Ordinary Hair Extensions

Everyone has different opinions and perceptions of what beauty really is. At Seamless1, we set out to revolutionise the haircare industry by not only bringing the highest quality hair extensions to the market, but also by endeavouring to make beauty accessible and as a tool for boosting individual confidence and expression. We are passionate about diversity and uniqueness, and place absolute emphasis on creativity and innovation.

At Seamless1, we believe in community. We are driven by our aim to empower hairstylists around the world and help them to deliver an excellent customer experience. As a global company currently operating in over 19 countries, we not only welcome cultural differences, but actively draw inspiration from them. We truly believe that encouraging and celebrating authenticity creates a strong, passionate team and generates a positive image customers are happy to share.

Seamless1[®]

To ensure each of our certified Seamless1 specialists delivers a customer service and experience up to our premium standards, we provide an extensive, innovative training programme and marketing support.

By means of our training workshops and masterclasses led by our Head Educator, we transform hairdressers into master stylists. We believe that beauty should serve as a source of creativity, innovation and fulfilment and this drives us to give our best every day.

As most social interactions are nowadays infused with visuals, we have championed social media, and particularly Instagram, as our primary marketing platform for showcasing in-salon transformations actually filmed by the stylists themselves. Our harnessing of such a valuable tool allows us to connect with our talented partner salons, increase cross-channel engagement and share the veritable masterpieces created by our hairstylists. High engagement, product tagging and positive feedback are testament to our emphasis on quality and collaboration.
